

Impacts of the Great Recession: What about the children?

The devastating effects of loss of employment and of economic opportunity for adult men and women are obvious – but what are the impacts of the Great Recession on children? Research suggests the consequences are serious, and potentially long-lasting.

Children and those who care about children: Join us at this open community forum to tell us in your own words what the Great Recession has meant for your lives. What you say will help legislators and organizations shape a caring response.

Children's Forum
