Parents. Teachers. Adults.
Keep Talking
It matters!

YOUTH MARIJUANA
PREVENTION 101

📌 Youth and Marijuana:
What You Should Know

Marijuana: It's legal for those over 21, but how do you know if your kids are using it? In our workshop, you'll learn how to keep talking about marijuana—so you can help the youth in your life learn why they should steer clear of using marijuana.

Parents, teachers, and adults working with youth can schedule a one hour workshop to:

- Learn how marijuana use affects youth and what you can do to prevent youth use.
- Stay up to date on current marijuana trends.
- Learn to spot paraphernalia.
- Get valuable information about Washington State laws.

Train the trainer sessions are also available.

Participants are eligible to receive free Youth Marijuana Prevention Toolkits for the communities they serve.
